If you are a parent of a 4-7 year-old and your child has experienced any of the following:

- ◆ Temper tantrums
- ◆ Difficulty making or keeping friends
- ◆ Impatience or interrupting
- ◆ Not listening

Then the **Raising a Thinking Child** workshop may be just right for you! This evidence-based workshop series will help you guide your child to solve common, everyday problems by communicating with your child.

Participants will learn:

- ◆ To give their children skills to solve their own problems and think about the consequences through fun games
- ◆ How to help kids care about and understand their own and others' feelings

This program is facilitated by Nancy Schultz, Human Dev. & Family Relationship Educator, UW-Extension and Nancy Vance, Family Living Educator, Clark County UW-Extension. Using a Zoom Meeting app you will be able to join me from the comforts of your home. All you need is a smart phone, tablet, or computer.

It is a refreshingly practical curriculum that helps you help your child learn *how* to think, not *what* to think.

Through 8 weekly classes, along with interactive, fun activities for you and your child to do at home, you will learn ways to help your child think in new problem-solving ways.

An EEO/AA employer, University of Wisconsin-Extension provides equal opportunities in employment and programming including Title VI, Title IX, and the Americans with Disabilities Act (ADA) requirements. If you require reasonable accommodations to participate in this programming, please call Nancy Vance at 715-743-5121 as soon as possible
